

## Pure Emu Oil

Pure Emu Oil is a healthy, complex, topical oil. It contains a natural anti-inflammatory and is an excellent transdermal carrier of ingredients through several skin layers. In addition to reducing swelling and stiffness in joints, it reduces bruising and muscle pain. Professional sports trainers and players recognize the benefits of Emu oil.

Research has also shown that Pure Emu Oil applied in a massage is absorbed into the body within 1 hour so using Emu Oil will provide Essential fatty acids to your diet

Emu oil contains high levels of linolenic acid... a substance known to temporarily ease joint pain, and oleic acid... a substance which has a local anti-inflammatory effect on dermal tissues.

When Emu oil was tested, it proved to be very hypo-allergenic and to have an extremely high purity level.

## Directions:

For most applications apply Jojoba's Shield onto your hands, legs, nails or cuticles as needed. Repeat as necessary. Because of the deep penetration and transdermal qualities of Pure Emu Oil. The other oils properties will be absorbed into the body along with the properties and Omega 3 & 6 of emu oil within one hour.

Shaving is still considered by far the most common method of hair removal for both men and women. Applying Jojoba's Shield before shaving softens ingrown hairs by weakening and raising them, and after shaving it softens your skin.

To begin shaving your legs just moisten your skin and massage a reasonable amount of our Jojoba's Shield deeply into the area to be shaved, then rinse your razor with hot water and moisten your skin with Jojoba's Shield after shaving it will also soften and keep your skin smooth.

## Storage:

How Long Does It Keep? Emu Oil normally lasts for 12 to 18 months at room temperature, twice as long when refrigerated. Years in the freezer. Do not freeze glass.

Keep at near 75 degrees at home or in the office, out of direct sunlight. When traveling keep Emu Oil in a pocket, gym bag, purse but do not leave

Emu Oil in the car or anywhere hot. Keep what you do not use on daily basis refrigerated. Defrost at room temperature and shake well before using.

## **Hands, Nails, Hair and Skin**

Jojoba Oil, Sweet Almond Oil and Pure Emu Oil when mixed are fully absorbed into the your hands and fingernails within a seconds if not minutes if you have oily skin. Effective in the removal of hair when waxing or shaving. Nourishes and strengthens nails, soften brittle cuticles. This exciting combination recognized in cosmetics for its ability to nourish palms and smooth out dry skin so you can keep your hands healthy and beautiful.

We use only certified Organic Jojoba Oil, the healthy oil and Organic Sweet Almond Oil when we create our blend of Jojoba 'Hands and Nails Shield' with Pure Emu Oil (Refined). All three of these oils promotes the body's natural healing ability. They are all odorless, easily absorbed and have an excellent shelf life due to their high vitamin E content.

Each of these oils have benefits that are each recognized individually for providing these qualities in skin care: they can be used for all skin types, rich in minerals, have antioxidant vitamins and proteins: as oils they substantially help itching, dryness, inflammations and are know to soften and condition the skin, offering excellent penetrating properties.

## **Waxing & Shaving**

Use some of Jojoba's Shield before and after waxing or shaving will surprise you with the ease and comfort that Jojoba's Shield brings to this process. Because Jojoba's Shield contains Jojoba oil a liquid wax it enhances the hair to wax bonding, and lubricates the follicles to ease hair removal.

A few more drops Jojoba's Shield with Jojoba Oil after waxing or shaving will soothe you and prevent ingrown hairs by keeping the follicles soft.

## **Manicures**

Use our Jojoba's Shield 'Hands, Nails & Hair Treatment' for your manicure. Other oils have to be removed from the nails by solvents before applying polish. Not so with Jojoba's Shield 'Hands, Nails & Hair Treatment'. It rapidly penetrates the nail and does not repel nail polish, unlike other oils. A few drops of Jojoba's Shield massaged into the hands and nails after washing dishes or laundry will make a real difference.

The inbuilt antibacterial properties of Jojoba's Shield 'Hands, Nails & Hair Treatment' Jojoba Oil and Pure Emu Oil contributes to its effectiveness in helping to alleviate brittle skin.

## **Skin**

Jojoba Oil is a 100% natural plant extract with a remarkable affinity for human skin. Jojoba Oil and Pure Emu Oil have unique chemical and anti-bacterial properties give it high stability and purity. Scientifically proven to enhance skincare better than other natural emollients, Jojoba Oil and Pure Emu Oil have deep, rapid penetration leaves your skin looking and feeling smooth, supple and free from dryness.

Jojoba's Shield is a natural, non greasy moisturizer highly regarded individually as oils for their benefits as a versatile cosmetic oils. They are also a deep penetrating moisturizers and cleansers, ideally used on its own or combined with other natural body care ingredients for sensitive skin and faces.

## **Organic Sweet Almond Oil**

Organic Sweet Almond Oil was highly valued by the Egyptians for cosmetic purposes. It has no appreciable odor. It is rich in protein, and can be used for all skin types. It is useful in relieving itching, dryness and inflammations. Almond Oil is also know to soften and condition the skin, offering excellent penetrating properties. Almond Oil is recognized as providing these qualities in skin care: rich in minerals, antioxidant vitamins and proteins.

## **Faster Healing with Emu Oil**

Muscle strains, sprains, injured ligaments and even heel spurs that are experienced by athletes and other sports enthusiasts are responding well to treatment with Emu oil resulting in 50% faster healing. Many professional sports teams are now using Emu oil for massages in their training rooms.
