

By the time we reach age 50 our skin produces 10 times less oil than when we were 25.

Lack of oil and depleted moisture lead to dehydration and wrinkling of the skin.

Fully Refined Pure Emu Oil

Fully refined Pure Emu Oil is hypo-allergenic, giving the skin a healthy youthful appearance; stimulates collagen, brightens complexion, plumps up fine lines while re-hydrating antioxidants several layers into the skin.

Emu Oil is a vitamin A & E oil, restoring a more optimal balance of vitamins and fatty acids which doesn't clog pores.

Fully refined Emu Oil is an excellent emulsifier. It does not cover the skin with a petroleum type air barrier and does not leave the skin feeling oily or greasy.

Emu Oil increases the thickness of human skin 2.5 times when applied to areas of the face and neck and hands, plumps up fine lines, and age marks, dry spots.

The anti-aging factor in Emu oil was proven in a study at the Boston University School of Medicine.

Topical application of Emu Oil delivers these nutrients deep into the skin to support healthy cell growth.

**WE OFFER A 30 DAY
100% MONEY BACK
GUARANTEE**

You have nothing to lose.

Tattoo You Pure Emu Oil is fully refined using the best all natural refining process and is certified by the American Emu Association at a state processing facility in the USA for the cosmetic and dietary supplement industry. The Australian Department of health has classified Emu Oil as a pharmaceutical product

“As a professional Licensed Esthetician and Medical Assistant, I have used many quality skincare lines over the past seven years.

I discovered Pure Emu Oil after seeing it on Oprah and found it to be the most intense moisturizer I have ever used.”

Robin Ball, Coeur d'Alene, Idaho

Tattoo You Pure Emu Oil

Fully Refined reduces swelling, relieves post-menopausal dryness, carpal tunnel syndrome, neuropathy, eczema, psoriasis, scars, sore muscles, and a wide range of body needs.

Emu Oil, is a non-irritating, deep penetrating, anti-inflammatory and is highly moisturizing.

Emu oil contains high levels of linolenic acid... a substance known to temporarily ease joint pain, and oleic acid... a substance which has a local anti-inflammatory effect on dermal tissues.

Emu oil is proven to be hypo-allergenic with a high purity level, dry skin, burning and itching are instantly soothed.

Emu Oil is recommended by a number of medical doctors. Emu Oil has been used for cuts, bruises, wounds, sports injuries, hair follicle awakening and insect bites. Emu Oil contains Omega 3, Omega 6 and Omega 9 Essential Fatty Acids we all need.

Ingredients:

Tattoo You markets a premium quality cosmetic Emu Oil used in natural body care. Tattoo You Emu Oil is natural, creamy white with Vitamin A & E and kept as close to its natural state as possible exceeding the highest standards of the AEA (American Emu Association).

alleviates itching of bug bites

Directions:

Shake well before using.

For most applications apply a few drops of Emu Oil onto your fingertips and massage gently onto your skin using a circular motion until completely absorbed. Repeat as necessary.

Emu oil has healing properties and does not cover the skin with a petroleum type air barrier. It allows the skin to breathe & heal.

For facial applications apply 2 or 3 drops of Pure Emu Oil onto your fingertips. Gently massage using a circular motion until completely absorbed. Apply as desired.

The thinnest skin on the body is found around the eyes. It can be thinner than a millimeter! This means that a light touch and proper care are necessary for this delicate area to look and feel beautiful. Pat with your ring finger near the eye exerting the least amount of pressure rather than pulling skin.

Storage:

How Long Does It Keep? Emu Oil normally lasts for 12 to 18 months at room temperature, twice as long when refrigerated. Years in the freezer. Do not freeze glass.

Keep at near 75 degrees at home or in the office, out of direct sunlight. When traveling keep Emu Oil in a pocket, gym bag, purse but do not leave Emu Oil in the car or anywhere hot. Keep what you do not use on daily basis refrigerated. Defrost and shake well before using.
